### **Mill Hollow Wildland Fire Use Fire in the South Unit of the Ashley National Forest Grows to 400 Acres**

Roosevelt, Utah ... The Mill Hollow Wildland Fire Use Fire Burning in the South Unit of the Ashley National Forest has grown to approximately 400 acres and is being managed for resource benefit.

2 helicopters, 3 engines and one hand-crew are working to manage the Mill Hollow Wildland Fire Use Fire located approximately 15 miles north of Helper, Utah.

A Wildland Fire Use Management Team has been ordered by the Forest to assume management of the Mill Hollow Wildland Fire Use Fire. The team may take over management of the fire as early as Thursday at 6 a.m.

Ivan Erskine, Fire Management Officer stated, "The Mill Hollow Wildland Fire Use Fire will continue to be managed for resource benefit. The management team will assume management of the fire and will release local resources to respond to any new fire starts should they occur."

The Mill Hollow Wildland Fire Use Fire started on June 23, 2008 from a lightning strike.
